I hereby give my consent for the above named student to compete in sports. I authorize the student to go with and be supervised by a representative of the school on any athletic trips. In case this student becomes ill or is injured, you are authorized to have the student treated and I authorize the medical agency to render treatment.

Participating in competitive athletics may result in severe injury, including paralysis or death. Changes in rules, improved conditioning programs, better medical coverage and improvements in equipment have reduced these risks. *However, it is impossible to totally eliminate such incidents from occurring.*

Players may reduce the chance of injury by obeying all safety rules in their sport, reporting all physical problems to their coaches, following proper conditioning program and inspecting their own equipment daily. *Damaged equipment must be replaced.*

Even if all of these requirements are met, and even if the athlete is using excellent protective equipment, a serious accident may still occur.
